

About Us

The Local 812 Scholarship Fund is an investment in our most valuable asset, our children. Established in 2004, the Fund has raised over \$1 million.

The Scholarship Fund was established to help the sons, daughters and spouses of local 812 members with their education.

In addition to college students, scholarships are awarded to students enrolled in accredited trade and technical schools. Qualified students may reapply for the 812 scholarship each year of their education. The Fund raises money through fundraisers, which include dinner dances, golf outings, a journal book, fishing trips, candy sales and raffles.
